SaskPower Rate Review

feedback@saskratereview.ca

To whom it may concern,

The Northern Village of Denare Beach respectfully request that the rate increase for SaskPower rates be reviewed for Northern Saskatchewan residents.

Currently Northern Saskatchewan residents are billed the same rate as Southern urban customers. Most communities in Northern Saskatchewan do not have access to natural gas and are reliant on electricity for heating.

We are requesting the rate for communities within the NSAD be at a similar rate to Northern Manitoba which is \$0.10 per kWh.

Sincerely,

A handwritten signature in blue ink that reads "Karen Thomson". The signature is fluid and cursive.

Karen Thomson

Deputy Mayor

Northern Village of Denare Beach
